

A large flock of sheep is walking down a paved road that curves through a mountainous landscape. The sheep are moving away from the camera, filling the road and the surrounding area. In the background, there are mountains under a blue sky with some clouds. The overall scene is a metaphor for following the crowd.

**The Republican Senate Majority has blocked these important initiatives.**

**Blocked** the court order in the Campaign for Fiscal Equity case, which would provide fair funding for a “sound, basic education” for our children

**Blocked** legislation to expand Elderly Pharmaceutical Insurance Coverage (EPIC), which would help seniors cope with the rising cost of prescription drugs.

**Blocked** gun control legislation, which would protect our children from the accidental access, discharge and use of weapons.

**Blocked** legislation authorizing the raise in income eligibility requirements for SCRIE, which would help seniors cope with the rising cost of housing.

*Over 60% of Al Curtis' contributions have come from one source - The Republican Senate Campaign Committee - leaving him in debt to the Republican leadership, not our communities.*
