MARK LEVINE

DEMOCRAT *for* STATE SENATE

Dear Neighbor,

If you, like me, are angry about the sorry state of Albany, you are not alone. Voters throughout our district are disgusted with the dysfunction of our state capital.

And they have good reason. For too long entrenched Albany politicians have been treating their elected offices as an entitlement rather than an opportunity for service. For our state government to start working again, the culture of Albany must change.

On September 14th we have an opportunity to vote for exactly this kind of change. Join me in my campaign to push an aggressive, progressive, reform agenda for our state government. Join me in standing up to the status quo politics of Albany.

Thank you for your support.
